FARES MEZNED

COMPUTER SCIENCE UNDERGRADUATE · SOFTWARE & WEB DEVELOPER

Tunis, Tunisia ▪ faresmezned8@gmail.com ▪ linkedin.com/in/fares-mezned ▪ cs-smu.ieee.tn

PROFESSIONAL PROFILE

Computer Science undergraduate engineering student at MedTech (SMU) with a solid foundation in software development, web architectures, and algorithms. Proven track record in full-lifecycle web engineering and leadership as Webmaster for the IEEE Computer Society Chapter, including the end-to-end design, development, and deployment of its official production platform (**cs-smu.ieee.tn**). Experienced in building automated data intake pipelines, managing hosting infrastructure, and collaborating in fast-paced technical teams. Seeking software engineering and web development opportunities to build scalable, high-performance systems.

LEADERSHIP & TECHNICAL EXPERIENCE

IEEE Computer Society SMU Student Branch Chapter — **2026**
Webmaster — Tunis, Tunisia

- Oversee digital assets, hosting environments, and version-controlled GitHub repositories for the chapter, ensuring high availability and uptime.
- Implement automated registration pipelines, interactive forms, and digital workflows for chapter hackathons, bootcamps, and technical sessions.
- Coordinate technical logistics and provide on-call infrastructure support during university events and workshops.
- Collaborate with student leaders across IEEE SMU units to ensure cohesive digital branding and facilitate joint initiatives.

FEATURED PROJECT

Official IEEE SMU CS Chapter Website — **cs-smu.ieee.tn**
Lead Developer & Webmaster — Production Platform

- Architected, developed, and deployed the official website from scratch as the central digital portal for IEEE SMU CS news, resources, and activities.
- Engineered a modern, responsive user interface ensuring optimal accessibility and smooth user experience across mobile and desktop devices.
- Integrated dynamic event registration forms and attendee data pipelines, streamlining participant sign-ups for workshops and technical competitions.
- Configured continuous integration, domain routing, and secure hosting infrastructure, maintaining 24/7 uptime and zero service disruptions.

EDUCATION

Mediterranean Institute of Technology (MedTech) – SMU — **Expected 2030**
Undergraduate Engineering Student in Computer Science — Tunis, Tunisia

- Pre-engineering and foundational curriculum in computer systems, algorithms, and software development.
- **Relevant Coursework:** Data Structures & Algorithms, Object-Oriented Programming, Database Systems, Web Engineering.

High School Diploma — **Completed**
Baccalauréat Technique (Technical Sciences) — Tunisia

- Specialized focus in mechanical systems, electrical engineering fundamentals, technical drawing, and applied physics.

TECHNICAL SKILLS & COMPETENCIES

Languages:	Python, Java, C/C++, JavaScript, HTML5/CSS3, SQL
Frameworks & Tools:	FastAPI, pandas, scikit-learn, Git, GitHub, Linux, Firebase, REST APIs, Web Hosting
Hardware & IoT:	ESP32 Microcontrollers, Sensor Interfacing (Voltage, Current, Temperature), Microcontroller Logic
Soft Skills:	Technical Leadership, Webmastering, Event & Hackathon Logistics, Cross-Team Collaboration

LANGUAGES

Arabic (Native) · French (Professional Proficiency) · English (Professional Proficiency)
